

HB 303 -- MISSOURI HEALTHNET REIMBURSEMENT FOR CHIROPRACTIC
SERVICES

SPONSOR: Hicks

This bill requires the MO HealthNet Division within the Department of Social Services to reimburse licensed chiropractors for specific services. These services include examinations, diagnoses, adjustments, manipulations and treatments in both inpatient and outpatient settings. If a chiropractor is specially certified by the Missouri Board of Chiropractic Examiners in the Division of Professional Registration within the Department of Insurance, Financial Institutions and Professional Registration, covered services may also include meridian therapy, acupressure, or acupuncture.
